

# Temperature Control Unit Display

## Is there an Arduino/gizDuino sketch for TDU to get the value and calibration command?

Yes it is downloadable in our website.

Here's the link: [https://www.e-gizmo.net/oc/kits%20documents/Temperature%20Control%20Unit%20Display/TDU\\_Serialcode.zip](https://www.e-gizmo.net/oc/kits%20documents/Temperature%20Control%20Unit%20Display/TDU_Serialcode.zip)

For Calibration command: [https://www.e-gizmo.net/oc/kits%20documents/Temperature%20Control%20Unit%20Display/Temp\\_Display\\_Unit\\_Sample.zip](https://www.e-gizmo.net/oc/kits%20documents/Temperature%20Control%20Unit%20Display/Temp_Display_Unit_Sample.zip)

Unique solution ID: #1076
